The above cut represents the Hon. Daniel S. Dickinson, former Attorney General of the United States, as seen when attacked with STRANGULATED RUPTURE.

Mr. Dickinson suffered intensely, notwithstanding he had the best surgical aid. Everything was dope that science could surgest, and as the Bat remedy the knife used, and yet he died in great anguish on the third any. This is a fearful warning to those who are ruptured.

RUPTURE-HOW CURED. MR. GEORGE E. EARINGS, OP PHILADELPHIA, WRITES THE FOLLOWING INTERESTING PAR-

WRITES THE FOLLOWING INTERESTING PARTICULARS:

To the Editor of the New York Sun:
Sin.—For several years I was afflicted with rupture and suffered from the use of trusses. Casually noticing in your paper a recommendation of Dr. Sherman of your city, and about the same time meeting Mr. J. W. Ayres, of Camden, N. J., who informed that he had been a victim to rupture and was curren by Dr. Sherman's treatment, I felt antmated and went straightway to New York, consulted Dr. Sherman, and had him adapt his romedies to my case. It was to me a happy occurrence, and R. Shall ever feel grateful to you and Mr. Ayres for having directed my attention to Dr. Sherman, as well as to him for the safe and comfortable manner in which he treated my case. My mmd was groatly oppressed, and my future was shadowed, as I was trying various trusses for help with no other result than vexation and lighty. But now being sound again, and realizing its felicity, I feel it my imperative duty, to add my testimony in favor of Dr. Sherman's remedies, and to secommend the ruptured to go to him with the fullest confidence of being benefited.

Philadelphia Mayed 26, 1875.

We cheerfully publish the foregoing communication, believing it may result in benefit so some one. Mr. Eakings is a subscriber to Tung Sux and a reliable gentleman. His statement will doubtless reach many sufferors who will, with our vouching for its truthfulness have cause to feel as grateful toward him as he new feels toward br. Sherman.

The foregoing remarks from the New York, Sun must be cheering to those who are ruptured.

Sun must be cheering to those who are ruptured.

The cure is effected by Dr. SHERMAN'S method without any operation, simply by external local applications, both mechanical made maderinal, made daily by the patient, who while under treatment, can perform any kind of labor, or take the most active execute with perfect security from dangers or inflamed and strangulated rupture, without the suffering shi july caused by the use of trustees, and without interfering with the progress of ourc.

Dr. She man's office, Park Row, corner Ansarred, New York Caty. Consultation free, Tems momerate. Persons from the country can receive treatment and return for home same day. Descriptive book mailed for 10 cents.
